### Career Summary:

I had been serving in the Directorate of Primary Education (DPE) for long 29 years and retired as Deputy Director. I had been working in the primary education sub-sector in different capacities as Deputy Director, Assistant Director, Procurement and Supply Officer, etc. at field and central levels. During my long journey in career I have gathered knowledge and experience in primary education on educational planning, administration, teaching and learning, teacher recruitment, teacher education and training, teacher career path, human resource development, monitoring and evaluation, students' assessment, community participation in

education, ICT in Education, ECD, school management, academic supervision, multicultural expert coordination, project management, educational research and studies, procurement, DLI (Disbursement Link Indicator) management etc. I got intensive training on the said fields at home and abroad focusing on quality education and professional development including effective implementation of projects and programs on Primary Education sub-sector. I have maintained close liaison and working relationships with the Government counterparts, Development Partners (DPs), NNGOs and INGOs officials to develop and facilitate effective program planning and implementation. I possess strong project/program planning, management, monitoring and evaluation, teacher education expertise including consultancy services. My areas of focus are as follows:

- Educational planning, administration, management, monitoring and evaluation.
- School operation and management.
- Capacity development of education managers, teachers, parents and community leaders.
- Teacher recruitment and career path for teachers.
- Teacher education and training, professional development with special focus on quality education.
- Child friendly schooling with a focus on effective and joyful learning ensuring competency.
- Development of training manuals and training materials, resource books etc. including effective dissemination of training and subsequent implementation in school and classrooms.
- Curriculum development, curriculum revision and curriculum dissemination.
- Development of audio-visual and digital instructional materials.
- Academic supervision and counseling.
- Social mobilization, parental and community participation and ownership in quality education.
- Student's assessment.
- Educational Research and study.
- Procurement and DLIs (Disbursement Link Indicators) management.
- NGO (Local and International) collaborations and multicultural (National and International Consultants and representatives from development partners) collaborations.
- Early childhood education and development (ECD).
- ICT in education and digital classroom.
- Design and implement overseas study tours including short and long training for teachers and education managers at home and abroad.
- Consultancy Services.
